Addiction – it isn’t about one person. One out of ten Americans struggle with a substance use disorder, and virtually everyone you know has a loved one who has been touched by this sinister disease.

This training will provide information for individuals suffering from a substance use disorder, and their families, public health and safety partners, treatment providers and community support systems.

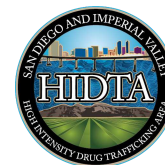

Training topics include:

1. Substance use and recovery options
2. Recovery Process
3. Intervention
4. Help for families

Overview of the Neighborhood Safety Workgroup (NSW)

The Neighborhood Safety Workgroup is a sub-committee of the San Diego County Meth Strike Force (MSF). MSF recognizes that methamphetamine availability and use affects health and public safety in ways that are directly related to neighborhood safety.
